

## REVOLT CRUSHED AT VLADIVOSTOK IN HARD BATTLE

Social Revolutionist Zemstvo  
Group Attempts to Set Up  
Own Government.

VLADIVOSTOK, Tuesday, Nov. 18 (Associated Press).—Revolutionary forces which for the last two days have attempted to secure control of this city were completely defeated. Government troops to-day were in the city.

The execution of prisoners has already been started.

Shortly after midnight the Government troops moved two three-inch field guns into position at the Svetlanskaya bridge, by which this main thoroughfare of the city crosses the Siberian railroad. The bridge is only 500 yards north of the station, the strongest position of the rebels. A

little later troops, reinforced by 100 cadets from the naval training school, proceeded to the business centre of the city, while armored cars began arriving at the bridge.

Before the battle opened, international policemen and three American soldiers succeeded in gaining entrance to the railway station, from which they took two Russian women who were marooned there.

At 1 o'clock there was a burst of machine gun fire against rebels holding the railway yards and gunboats started to drop shells on the station. Some of the shells set fire to the barracks of the American replacement battalion.

Fire was opened at 4 o'clock on the station from field guns stationed at the Svetlanskaya bridge, which had a clear field of fire. Later the fighting became general, with the revolutionists falling back everywhere and finally being driven from the station.

The attempted revolution started on Monday morning at 8 o'clock, when the social revolutionist Zemstvo group proclaimed a new democratic representative government.

At 2 o'clock Monday afternoon the opposing forces clashed in a savage battle for the possession of the railway station, approximately 5,000 rifle and machine gun shots being fired before nightfall.

After three raids against the railroad station Gen. Gaidar's troops occupied the building about 5 P. M. The losses in this fighting were six dead and twenty wounded on the Gaidar side. It is estimated that 100 civilians were victims of the firing on Monday, some being killed. The American Red Cross is caring for

fifty-eight wounded persons. A British Red Cross officer was killed at the station plaza. T. W. Rowland, a sailor's mate on the New Orleans, was hit and is not expected to live.

Allied troops patrolled the city, with American troops protecting American organizations. The United States cruisers, New Orleans and Brooklyn, under command of Vice Admiral Rodgers, are lying in the harbor. The Allied Military Council went into session just as the fighting started near the railway station, all of them, including the Czechs, being neutral.

Following the proclamation of the revolutionaries yesterday morning in which they announced their open opposition to the Omsk Government and to Admiral Kolchak as Supreme Ruler, a semblance of a Ministry was formed on Gen. Gaidar's train, Ivan Alexandrovitch Yakushiff being named President.

Lieut. Gen. Gaidar, a Czech who commanded the Ural Army of the Omsk Government until his recent resignation, was named commander-in-chief of the new Government's military forces.

Communication by railway with Vladivostok has been suspended. It is reported that a similar uprising has occurred at Chita, in the Trans-Baikal region.

Letish Troops Are Closing In on Mitsu.

LONDON, Nov. 19.—Letish troops, after heavy fighting, have occupied the town of Baulk, in Courland, about twenty-five miles southeast of Mitsu, the Letish Legion here announced to-day. Enormous booty left by the Germano-Russian forces of Col. Bernhardt was captured. The process of surrounding Mitsu is declared to be progressing favorably.

Rockaway Man Kills Self. George Durcke, 45, of Newport Maine Street, Rockaway, L. I., committed suicide this afternoon at Burling Slip, where he was employed, by shooting himself in the left breast. Death was instantaneous.

## TEST BERGER NOMINATION.

MADISON, Wis., Nov. 20.—With the nomination of Victor L. Berger, Socialist, filed to-day at the office of the Secretary of State as a candidate for the seat from which he was recently

expelled by Congress, intimation has been made that steps will be taken to test the legality of Mr. Berger's campaign.

An opinion from Attorney General Blaine may be called for within a few days, while court action has been threatened as a means to stopping him.

## Your Hair Needs Danderine!

Let Danderine save your hair and double its beauty. You can have lots of long, strong, thick, lustrous hair. Don't let it stay lifeless, thin, scraggly or fading. Bring its color, vigor and vitality back. Get a 35-cent bottle of delightful "Danderine" at any drug or toilet counter to freshen your scalp; check dandruff and falling hair. Your hair needs this stimulating tonic, then its life, color, brightness and abundance will return.

—Advt.

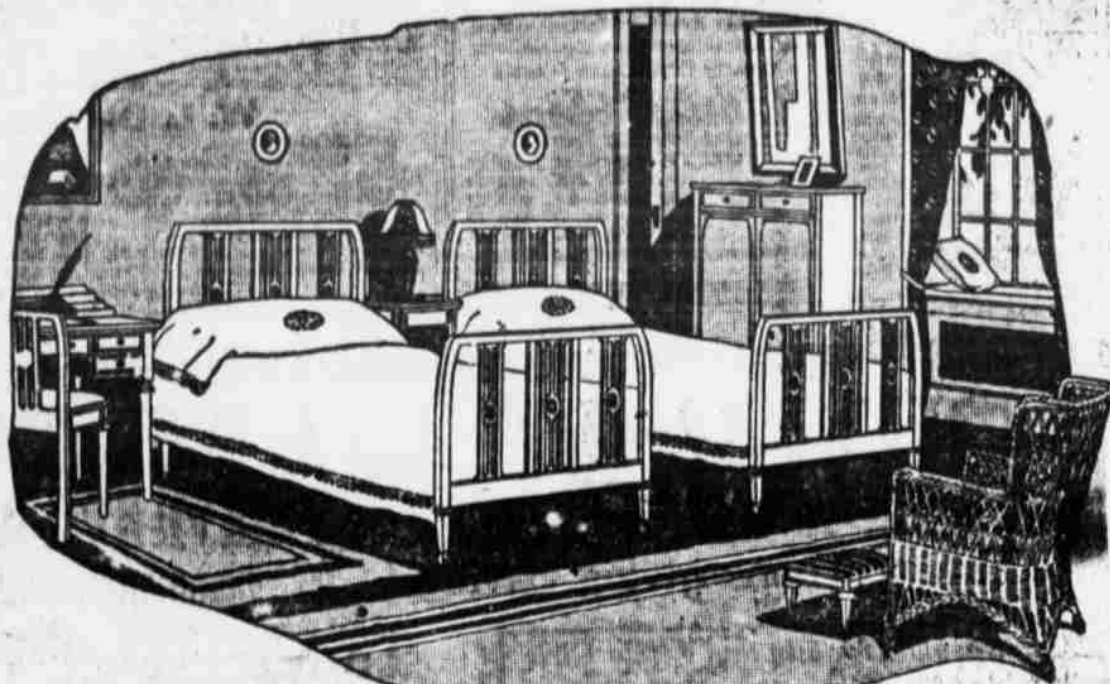

## The STUYVESANT—No. 1802

It is made of Simmons Seamless Square and Rectangular Tubing throughout. Artistic center effects—decorations in relief. Easy running casters.

Your choice of Double Width and Twin Pairs—and especially pleasing in Twin Pairs.

Has the Simmons Patented Pressed Steel Noiseless Corner Locks.

Enameled in Ivory, the Decorative Colors, and Mahogany, Oak and Circassian Walnut effects.

Simmons Company, 1812

## In Color Harmony with Your Dresser and Chiffonier

Beautiful Hardwood Effects Enameled on Steel Beds—a Specialty of Simmons Company's New Designs in the Leading Stores.

THIS will be a new thought to you—Hardwood Effects enameled on a steel bed.

The whole idea is new. Impossible heretofore, in fact until Simmons Company invented its new Seamless Steel Tubing, and opened the way to really good design in metal beds and a perfect finish that admits of exquisite enameling in Decorative Colors and Hardwood Effects.

Now you can go to any of the leading merchants here in the city—select from perhaps a dozen charming designs, enameled in Mahogany, Oak or Circassian Walnut—or if you prefer, in Ivory or Colors.

The range of patterns is so great that you will find beds to harmonize with antiques and "Period" pieces.

The pattern illustrated is the "Stuyvesant." Then there is the "Sheraton," the "Plymouth," the "Tudor," the "Florentine," the "Colonial" and a number of others.

SIMMONS Company has been working on the problem of good design in metal beds for years.

But really good designs cannot be carried out in old-style tubing. It has a seam running the full length of the tube. It cannot be worked into the shapes. It is apt to be rough—does not take the enamel smoothly.

All these new designs are made with the

Simmons Seamless Steel Tubing—a new invention of the greatest practical importance.

Square and trim—free from joints, seam and roughness. Beautifully smooth, so that the enamel lies tight and evenly all over—does not scratch, check or chip.

YOU will find these fine new Simmons designs in Beds Built for Sleep in the leading stores. Quiet beds, with the Simmons Pressed Steel Corner Locks—free from squeak or rattle.

Your choice of many different patterns—and of Twin Pairs and Double Width in each pattern. Enameled in the accepted Decorative Colors, and in Mahogany, Oak and Circassian Walnut.

Simmons Springs, too—

The Slumber King—a spring composed of flexible steel strips with spirals of high-test spring wire; so combined that the spring action is equal in all directions.

A complete line of coil, fabric and woven wire springs—each the best of its own class. And some very charming Brass Beds and Children's Cribs—built for sleep—by the Simmons Company.

Prices of Simmons Beds are little if any higher than those of ordinary beds.

If you have any trouble in finding them, a post card to us will bring you the names of Simmons merchants near your home.

## How Red Blood—Rich In Iron— Helps Make Men Masters Of Their Own Destinies

Physician Explains Why Strong, Vigorous, Successful People Back Up Brain Power With Physical Strength and Energy To Help Them Win—Says

NUXATED IRON HELPS MAKE RICH, RED BLOOD AND NERVES OF STEEL

Like That Possessed by Pioneers of Old. It Often Increases the Strength and Endurance of Weak, Nervous, Run-down People in Two Weeks' Time.

"Strong, healthy men and women with plenty of iron in their blood are the ones who go through life with a smile, self-reliant and fearless, and their dynamic power and energy make them virtually masters of their own destinies," says Dr. John J. Van Horne, formerly Medical Inspector and Clinical Physician on the Board of Health of New York City, in commenting on the relation of strong nerves and physical endurance to the attainment of success and power.

"The keen, active brains and tremendous force possessed by healthy, red-blooded people often gives them a great advantage over those others whose thin, pale, watery blood robs them of self-confidence and initiative, leaving their wills and causing them to imagine they are the victims of all sorts of dread ailments. Yet there are thousands of such men and women who undergo a most remarkable transformation the moment they get plenty of the right kind of iron into their blood to give increased energy and endurance. Their imagined ills are forgotten, they gain physical poise and fitness, mental alertness and greater power to combat obstacles and withstand severe strains. To help build stronger, healthier men and women, better able physically to meet the problems of everyday life, I believe that physicians should, at every opportunity, prescribe organic iron—Nuxated Iron—for in my experience it is one of the best tonic and red blood builders known to medical science."

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York in commenting upon the foregoing statement says: "I have seen, active, successful men and women of to-day recognize that a sound, strong body is the basis of all real achievement and they leave no stone unturned to safeguard their health. Lack of iron in the blood not only makes a man a physical and mental weakling, but it utterly robs him of that little force, that stamina and strength of will which are so necessary to success in every walk of life. I strongly advise every man who is tagged out by worry

This is Not An Age for Nervous and Physical Weaklings—the Nation Demands Men of Blood and Iron—Men Like the Rugged Pioneers of Old.

With the red blood—rich in iron created by eating coarse foods and loading healthy outdoor lives the Pioneers would have lacked the strength and endurance to have their way through the strict forests and establish a free nation. To-day it is red blood—rich in iron—such as Nuxated Iron helps to build, that gives men the force, energy and power to conquer obstacles and become virtually masters of their own destinies.

Manufacture Note: Nuxated Iron, which is then black, is over the counter. The manufacturer recommends above is not a secret remedy but one that guarantees successful and entirely satisfactory results. The trade in this product is so large that it is difficult to keep up the supply. It is dispensed by all good druggists.

IT MAKES LITTLE DIFFERENCE WHAT YOU NEED—A WORLD WANT WILL GO GET IT
